GLOBAL INVESTIGATIONS

VALUING TRUST & ACCOUNTABILITY

We are committed to honesty and we are pleased to advise that we are compliant with all relevant laws and regulations including GDPR.

A key component to safeguard you against engaging a rogue PI business is 'Accountability' which is ensured when engaging with a verifiable member of the Association of British Investigators.

OUR SUGGESTION TO YOU

Before making any decisions run your own due diligence with our handy checklist. This will ensure that you are dealing with a reputable company.

ARE THEY AN ABI MEMBER?

The ABI (Association of British Investigators) is the only association within the UK that is able to reprimand their members, ensuring professional legitimacy and behaviour. People are always shocked to hear that this is not a regulated industry. Being members of the ABI encourages investigators to operate to a high level of integrity.

We as a company have gone a step further by being assessed and certified by British Standards. We have shown compliancy in Investigative Services.

Registration: LON389

We are also proud to confirm that we are licenced Private Investigators with The PSA in Ireland. Ireland being the closest regulated country.

Licence Number: 08776

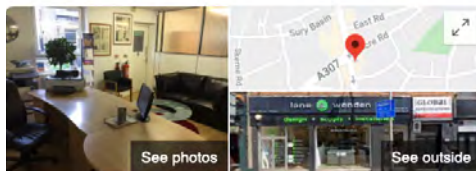

IS THE COMPANY'S FULL BUSINESS ADDRESS LISTED AND VERIFIED ONLINE?

Please be aware that other companies hide by suggesting to meet in hotel rooms or hiring meeting rooms, using mail drop offs and PO Box addresses. We actively encourage our clients to make an appointment to come and see us. We have nothing to hide and would welcome meeting you.
